Important Notice Regarding Financial Aid Applications

USASL dba Hotspurs USA has developed its Financial Aid and Volunteer Service Program for those families that require assistance with the cost of participating in its competitive soccer program. USASL dba Hotspurs USA is a non-profit 501c3 organization and is supported by the fees collected from its members and has a limited amount of funds available for Financial Aid. The program is designed to help pay for a portion of the total cost, and to allow this recipient of the financial aid to "paid back" through providing volunteer support. All applications are on a "needs" basis. To be considered for Financial Aid all requests **must** submitted by April 30th for younger's and June 15th for older's. You may be asked to provide either of the following documents and you must agree to participate in the Volunteer Service Program*. (1) Page 1 of Form 1040 or family income documentation, or (2) Acceptance into Free or Reduced Lunch Program at School.

All applications are held in the strictest confidence and will only be reviewed by the Financial Aid Committee. To be able to provide assistance to the largest number of applicants, **no "full or 100%"** awards will be made. Any application received without documentation and agreement to participate in the Volunteer Service program will not be considered. Also, payment of the USASL dba Hotspurs USA \$150 registration fee for your age group is mandatory to be considered for any Financial Aid.
